She was once sued by a flight attendant because the flight attendant spilled some wine on her dress and Victoria reacted by pushing her. After found guilty, she was fined three thousand dollars for her interference with the crew member. The flight attendant originally sued her for 10% of her net worth and it was rumored that the flight attendant was taking advantage of the situation.

Joel and his wife are reportedly happily married, and there haven't been any rumors of an extra-marital affair. They have been married for more than 25 years and we don't see any sign of separation; so for now every rumor remains a rumor until it is proven.

Neither Joel or Victoria was previously married and there haven't been any rumors of separation all these years. There are no details about Joel's dating history before he got married to Victoria. Details about Victoria's past boyfriends are also missing from the internet. There are no rumors about any extra-marital relationship involving Victoria. The couple seems to keep family matters to

themselves. Many public personalities follow this pattern keep rumors to a bare minimum. Their children are not exposed to the media, and they do not talk a lot about their personal life to the media. Their relationship with each other and with their kids is kept private.

Joel and Victoria do not get a salary for working as pastors at the Lakewood Church. His total worth is calculated to be 56,508,500 USD as of 2014. The home where he lives with his family is worth about 10,500,000 USD. His books and media appearances have made him rich enough to continue as pastor for free. One of his books has earned a whopping 13 million dollars according to reports.

Publication

He is an author of many books. His first was *Your Best Life Now: 7 Steps to Living at Your Full Potential*. This book was released in the month of October and got on the New York Times Best Seller List. His second book was titled *Becoming a Better you: 7 Keys to Improving Your Every Day*. This was released in October 2007. His income is mainly from his books and he doesn't take a salary from the church.

Criticism

His writings and sermons have been criticized publicly for promoting what is tagged "prosperity theology" or "the prosperity gospel." This is a belief that material profit is part of the reward for pious Christians. Many people have tagged his message as heresy. This view was also held by Michael Horton who went on to say that Joel's messages focus on the individual rather than God. When asked about the issues, Joel replied by saying that if prosperity suggests that God desires for his people is to be healthy, blessed and have a good relationship, then he regards himself as a prosperity preacher.
